TARRANT COUNTY – Get ready for major closures and detours on the I-35 W corridor this weekend. Construction projects between I-30 and I-820 will redirect a lot of traffic this weekend on the west side of DFW.

The work is part of the \$1.4 billion North Tarrant Express 35W project. Drivers are encouraged to ‘Know Before They Go’ and check detour maps, [lane closures](#), and [alternate routes](#).

Okay, here goes:

Friday, March 10, 9 p.m. to 10 a.m.

- Direct connector from eastbound I-30 to northbound I-35W will be closed, traffic redirected to Rosedale St.
- Direct connectors from southbound I-35W to eastbound and westbound I-820 will be closed, traffic redirected to Meacham Blvd.
- The direct connector from eastbound I-820 to northbound I-35W will be closed, traffic redirected to Haltom Rd.
- Rolling closures on the direct connector from eastbound and westbound Spur 280 to northbound I-35W.

Sunday, March 12, 9 p.m. to 10 a.m.

- All lanes of northbound I-35W at 28th St. will be closed, traffic redirected along the frontage road.
- All lanes of eastbound and westbound 28th St. at I-35W will be closed, eastbound traffic redirected to Northside Dr. and westbound traffic redirected to 33rd St.
- Direct connector from northbound I-35W to SH 121 will be closed, traffic will be redirected to Northside Dr.

**This work was originally scheduled for Saturday, March 11, was moved a day due to the likelihood of storms. So no construction work Saturday night, but bad weather will probably affect travel.

All of the construction work is weather-permitting. (Did you catch [Kevin Roth's latest forecast?](#))

The upside is they've got that part covered though and will be posting updates on [Twitter](#) and [Facebook](#) and [web](#).
