Companies to donate tolls to food banks Saturday

NTE Mobility Partners, the developer and operator of the North Tarrant Express, and Tarrant Area Food Bank, and LBJ Infrastructure Group, the developer and operator of the LBJ Express, and the North Texas Food Bank will launch their second annual Food DRIVE from midnight to 11:59 p.m. Saturday.

Proceeds from each toll on the NTE TEXpress lanes along Interstate 35W, across Loop 820 to State Highway 121/183, just beyond the 121 split, and the LBJ TEXpress Lanes — located along Interstate 635, from Luna Road on the west to Greenville Avenue on the east, and Interstate 35E between Loop 12 and Valley View Lane — will directly benefit the respective food banks. Both companies will donate up to \$15,000.

Every dollar donated to the TAFB provides five meals and every dollar donated to NTFB provides three meals to people in need.
